COMPETENCY in the CONTENT AREA

To earn initial teacher certification in a secondary subject (content area) an individual must complete at least 10 courses (minimum of 30 credit hours) beyond the introductory level in that subject and maintain an overall grade point average of at least 2.5.

Specific content area competencies are based, to a large degree, upon the goals and objectives for professional preparation programs established by the N.H. Dept. of Education (DOE).

IF NECESSARY: LIST ADDITIONAL COURSES REQUIRED to DEMONSTRATE COMPETENCY in the CONTENT AREA

GENERAL COMPETENCIES for NH TEACHER CERTIFICATION

Prior to the completion of the fall semester, students must present a portfolio, which provides clear evidence through artifacts and narrative, of their general knowledge, to meet the standards of the New Hampshire Department of Education: PART Ed 609(a) 1 to 10 GENERAL EDUCATION STUDIES, listed below.

- (a) Each institution that provides an educator preparation program shall provide a program of general studies designated to give prospective teachers the following competencies, which will enable them to:
 - (1) Have a command of language, including languages of words, mathematics, and other symbols, and use these languages accurately, authentically, and ethically;
 - (2) Discover literature and the arts as media for self-expression and be sensitive and responsive to the universality of the arts;
 - (3) Place themselves in time and space so as to be aware of their history and culture, be sensitive to the histories and cultures of others, and understand how this knowledge of history and culture can shape the present and future;
 - (4) Understand and be sensitive to the human life cycle of birth, growth, and death, and the importance of choice in health and wellness;
 - (5) Understand:
 - a. The social web of our existence, which includes:
 - 1. Family life;
 - 2. Government; and
 - 3. The political process;
 - b. Other formal and informal structures that surround us; and
 - c. The privileges, rights, and responsibilities that belong to each of us;
 - (6) Have a sense of connection to and responsibility for the natural environment;
 - (7) Understand science and technology and the ethical application of each within the natural and social worlds;
 - (8) Understand the nature of work and be prepared for work, knowing what it means to produce as well as consume;
 - (9) Understand the interdependence of community and the individual, and the importance of service to the community; and
 - (10) Demonstrate an understanding of democratic principles, beliefs, and practices and how these principles can be used to achieve the goal of social justice.

Students will demonstrate their achievement of the NH Department of Education Professional Education Competencies outlined in PART ED 610.02 a-o through their final portfolio, which uses the Danielson model as the assessment framework.
